

15th BELGRADE SYMPOSIUM FOR BALKAN REGION

Neighboring Countries:
The Same Professional Aim

April 18 and 19, 2019, Belgrade, Serbia

Dear Colleagues,

During the **14th EFLM Symposium for Balkan region** we announced that Society of Medical Biochemists of Serbia as organizer of the Symposium for Balkan Region in previous 14 years intend to change the format of the Symposium to

BELGRADE SYMPOSIUM FOR BALKAN REGION

UNDER TITLE

Neighboring Countries:
The Same Professional Aim

That will be organized next year as the **15th Belgrade Symposium for Balkan Region (April 18 and 19, 2019, Belgrade, www.dmbj.org.rs)**.

It is very important that during Symposia we discuss about mutual topics important for each country from our Region as:

- Laboratory Medicine Planning and Organization
 - Type of Medical Laboratory and Strategy
 - Laboratory Medicine Management
 - Leadership Skills
 - Accreditation and Competences
 - Environmental Health and Safety
 - Laboratory Standards in Balkan Countries
 - Experiences of Young Scientists
 - Students Achievements
 - Poster Presentation
 - Workshop Discussion

Except the countries from Balkan Region we invited the other countries from our neighborhood as Italy, Austria, and Hungary, Cyprus and Israel.

The Scientific and Organizing Committee will be consisted of representatives from Serbia, and presidents and national representatives each participating countries. In respect of this it is very important to get your opinions and suggestions about the topics of the first interest for all of us.

We hope that you will support this initiative and participating with lecture on above topics and presenting experiences in Laboratory Medicine in your country. Also please do inform your colleagues about possibility to present the poster presentation. We expect that you will send the title of your lecture in English up to October 20, 2018.

Also, one of the Symposium aim is to connect young investigators from our Region as well as students from medical and clinical biochemistry.

In attachment you will find the Preliminary Symposium Program.

All information also you can find on web sites www.dmbj.org.rs and www.bclf.info

With kind regards,

In Belgrade, 18. September 2018

Prof. dr Nada Majkić-Slugh
Prof. dr Zorica Šumarac
